CIRCULAR

Sub : KUHS - Examination-Dental- The Qualification of Examiners for the Medical subjects in the BDS Course -Reg.

Ref:

1. DCI BDS Regulations 2006.
2. Competency Based Medical Education Curriculum (CBME) Guidelines of National Medical Commission dated 01/08/2023.

As per the DCI BDS Regulations 2006, "**the Qualification and Teaching experience of the medical teaching staff will be as per the MCI Regulations**". The Qualification of Examiners for the Medical subjects in the BDS Course is the same as that of the MBBS Course (as per the NMC regulations - erstwhile MCI).

As per the NMC Regulations, **a person appointed as an Examiner in the particular subject must have at least four years of total teaching experience as Assistant Professor after obtaining postgraduate degree following MBBS, in the subject in a college affiliated to a recognized medical college (by UGMEB of NMC).**

In the above circumstances, Non-medical faculties (M.Sc + Ph.D) cannot be appointed as Examiners for the above mentioned subjects in the BDS Course.

Hence, All the Dental colleges affiliated with KUHS are hereby directed to strictly comply with the above mentioned decision regarding the Qualification of Examiners for the Medical subjects in the BDS Course.
