**D. Clarification regarding collection of refundable deposits for a new college/existing college starting one or more courses**

The rate of Refundable deposit stipulated in the orders related to fee structure, to be collected form Self Financing Pharmacy, Paramedical and Nursing Colleges is clarified as detailed below.

Particulars	Clarification
Refundable deposit for New college( Payable at the time of affiliation)	Since a college cannot exist without a course, the term new college is clarified as a new college plus one course. Thus a new college and one course shall be treated as a single Unit and Refundable deposit shall be collected at the rate specified for new college .

KUHS, Thrissur

Refundable deposit for New courses ( Payable at the time of affiliation)	New courses means additional courses started in an intitution. This means all course in an institution except the one which is considered along with starting of a new college as a single unit as mentioned above. Refundable deposit for each additional course shall be collected at the rate fixed for New course.
---	--

Thus if an institution starts with more than one course refundable deposit to be collected is the total of the refundable deposit for starting new college ( treating the college and any one of course as a single unit) **plus** the refundable deposit of each additional course at the rate fixed for new course . If the college starts an additional course subsequently then the rate of new course is applicable to such additional course.
