

**Q.P. Code: 301390**

**Reg. No.:.....**

**Third Semester M.Sc Speech Language Pathology Degree Regular  
Examinations December 2021**

**SLP 301: Neurogenic Speech Disorder**

**Time: 3 hrs**

**Max marks: 80**

- *Answer all questions to the point neatly and legibly • Do not leave any blank pages between answers • Indicate the question number correctly for the answer in the margin space*
- *Answer all parts of a single question together • Leave sufficient space between answers*
- *Draw table/diagrams/flow charts wherever necessary*

**Essays**

**(5x16=80)**

1. Discuss the recent advances in the use of acoustic and physiological analysis of speech in persons with dysarthria.
2. Describe the application of motor learning principles in the management of apraxia of speech. Add a note on AAC intervention in apraxia. (8+8)
3. Discuss DIVA model with reference to speech motor control.
4. Critically evaluate the use of non-speech oral motor treatment approaches for motor speech disorders.
5. Differentially diagnose the following: childhood apraxia, childhood dysarthria and phonological disorder.
