Webinar on Big-Data Analysis organized by School of Health Policy and Planning Studies

Pre-webinar announcements and learning tips

- We are uploading few information as food for thought prior to our Webinar on Big-data analysis. **(PPTs attached)**

- This information is an ice-breaker for the session on epidemiological concerns on Big-data analysis. We have two more sessions, one on statistical concerns and other on technical aspects.

- As usual we have few housekeeping rules for the Webinar.

  - We know the participants may have lot of questions. Kindly use the chat box for such communications. All your questions will be discussed.

  - During the sessions, kindly mute your mike. You can unmute during the discussions which is at the end of the whole session (15 minutes)

  - We will open the platform exactly 5 minutes before the inauguration. Please be present in time.

  - This is totally a new area for everybody, so best wishes for all of you for enjoying the webinar

Thanks for your attention and co-operation…….
