

**Q.P. Code: 212253**

**Reg. No.:.....**

**Final Year PG Ayurveda Degree Regular/Supplementary  
Examinations March 2026**

**(Dravyaguna Vigyana)**

**Paper II - Gunakarma Vigyana  
(2016 Scheme)**

**Time : 3 hrs**

**Max marks : 100**

- *Answer all questions to the point neatly and legibly • Do not leave any blank pages between answers • Indicate the question number correctly for the answer in the margin space*
- *Answer all parts of a single question together • Leave sufficient space between answers*

**Essay**

**(20)**

1. Define 'Rasa' (Taste) as per Ayurvedic principles. Subsequently, explain the profound importance of 'Rasa' in the context of both 'Aharasevana' (Dietary Regimen/Consumption) and 'Chikitsa' (Therapeutics/Treatment).

**Short essays**

**(8x10=80)**

2. How does 'Prabhava' differentiate the action of two Ayurvedic drugs that share identical Rasa, Guna, Virya, and Vipaka. Explain with suitable example.
3. Define 'Guna' (Qualities) according to Ayurvedic principles. Subsequently, elaborate on the specific utility and application of the 'Paradi Gunas' in the context of Chikitsa.
4. Describe the established experimental models used for the pharmacological evaluation of analgesic drugs and anti-inflammatory drugs, detailing the common methodologies employed for each.
5. Define 'Karma' and differentiate between 'Pramathi' and 'Deepana' actions, providing a suitable example for each.
6. Discuss the various types of antihypertensive drugs, outlining the specific physiological pathways they target to reduce high blood pressure.
7. Discuss the methodologies and significance of heavy metal analysis and pesticide residue determination in various matrices.
8. Explain Aharavarga mentioned in Ayurveda classics from the perspective of treatment.
9. Define Vipaka in Ayurvedic pharmacology. Discuss and compare the perspectives on Vipaka as elaborated by Acharya Sushruta and Acharya Charaka in their respective classical texts
